Family Tree

Words by Jessie Fish Datwyler

Music by Linda Hartman

I will remember who I am from photos on the memory bringing only the first step to take; family history's important you

wall; and lessons learned of courage strong; In their see. My hands know how to link the past with

shadow I want to stand tall. I will remember the cov'nants for eternity. I will remember__
stories told of trials so severe;
ev'ry day to turn my thoughts and heart.

Then when I have a test of my own I'll keep the Savior near.
Fam'ly tree, my fam'ly tree is my responsibility.
